No points will be counted toward the annual awards before the membership dues have been paid and the horse is registered with GHJA.

§ Proper attire is required in all classes except warm-up classes, when chaps or other non-standard attire may be worn. Management may prescribe attire for beginner non-rated divisions. Horse show management may also choose to waive coats in the event of extreme heat.

§ Hunter course shall simulate obstacles found in the hunt field such as natural rails, gates, walls, etc.. Jumper courses shall include at least one combination and one spread fence for every four fences.

§ Ponies must possess a current GHJA or USEF measurement card to be presented at check-in.

§ Horses and ponies may enter no more than seven "over fences" classes on any single show day. All warm-up trips, and special classes such as equitation medals, hunter classics, derbies, and stakes classes are included in this total.

§ Any act of discourtesy to judges or any other official of the show on the part of any owner, trainer, rider or groom will disqualify any horses with which they are associated and no refunds will be made.

§ No refunds will be made after the show begins except for lameness of the horse or illness of the rider.

§ ASTM-SEI approved helmet with a properly adjusted (snug) harness must be worn by all mounted riders at all times.

§ Exhibitors agree to show under a substitute judge if necessary. Show management reserves the right to cancel or change classes for the betterment of this show.

§ Management may restrict the courtesy circle by a mandatory dotted line, which shall be indicated on the course diagram.

§ An "order of go" may be posted for all "over fences" classes at the discretion of the Show Management.

A pony must be measured every year until it reaches the age of six, at which time a permanent measurement card will be issued. Measurement procedure shall follow the procedure provided by the USEF permanent cards for pony measurement..

§ Horses and ponies may enter no more than 7 over fences classes at any one show. This includes equitation over fences classes and any special classes (i.e., classics or stakes).

These groups have continuing need, and we would like to support them as much as possible. Proceeds from the *CARE Challenge* will be pooled into a special fund that we will be able to draw from to support our friends. There is a suggested entry fee of $15 for the class, but riders and their families may donate more or less than the suggested entry fee at any show. In addition, there is a donations jar at each show so that family members and spectators can add to the *CARE Challenge* proceeds.

USEF JUMPER TABLES

Table II, Sec. 2 (b)—The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin his/her round, the competitor is responsible to adhering to the 45 seconds rule as per JP134.3. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have retired from the jump-off. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. It is recommended that no more than ten numbered obstacles be included in the first round when the class is scored under this table.

Table II, Sec. 2 (c)—Two Phase Competitions - The first phase to consist of 8 to 10 jumping efforts and the second phase (immediate jump-off) of 5 to 7 jumping efforts. Scores are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed if any. If a competitor has gone clean in the first round, he will, upon crossing the finish line, commence the designated jump-off course. Time starts as the horse crosses the finish line for the initial course. If there are no clean rounds and a tie exists for first place, there will be one jump-off, in which time will decide in the event of equality of faults. The use of a Time Allowed is optional in the first round. The Time Allowed in the first round may be taken by electronic or manual means.
